

## Message from the head:

It was good to welcome you all back this week to the second half of the Autumn term. I hope you all had a great break (if you got one!). The children have come back raring to go with their learning. It's been busy already with music lessons, swimming and trips taking up where they left off last term as well as lots being packed into each lesson in school too.

Today we had the official opening ceremony for the top pitch. It has been a project that has literally been years in the making. It would not have been possible without the support of the Football Foundation, The London Marathon Trust, Arsenal and Camden Council who provided the funding to make it happen. I'd like to say a special thank you on behalf of the school to Sam Collins (parent to Rosa in Year 4). When the project was first envisaged it was thanks to Sam's tenacity that got it off the ground and his work when he was a Governor ensuring that Camden's Active Leisure team kept on top of the project really helped get it off the ground. So now that we have the amazing pitch we do, Sam, thank you! From Monday next week lots of local football teams will be able to start using it outside school hours. We are really pleased that it is not just the Fleet and Camden Centre for Learning children who will benefit but the wider Camden community too.

We hope you all have a great weekend and we hope to see you coming along to see the home learning projects on display in the hall on Monday after school or Tuesday before school.

## Message from the Governors...

Our Governors met just before half term. We welcomed two new Parent Governors - Jon Rohoman and Sabiha Khan and two new co-opted Governors - Marianne Porter and Sinead Costelloe. We discussed how Governors know about the school and planned our visits for the next year. We looked at the School Development Plan and the School Self Evaluation and approved policies on safeguarding, e-safety, physical restraint and Pupil Premium spending.
