

# Nursery Autumn Term

## Ways to help your child at home

- Practise putting on their coat by themselves and fastening it
- Get themselves dressed - pulling up their own pants and trousers etc after they have been to the toilet
- Putting on their own shoes
- Remind your child to share and wait for their turn
- Lots of praise when they successfully manage a delay for things they have asked for
- Continue to develop and celebrate their own interests
- Enjoy lots of stories together! Talk about the characters and events in the story; which parts they liked best and why
- Encourage your child with any mark making they enjoy
- Sing counting songs and rhymes, look for reasons to count in everyday life eg counting items as you shop, steps as you walk along...
