

# From the Sea to the Shore

1

An island is a piece of land that is surrounded by water.

A beach is a pebbly or sandy shore, especially by the sea.

A coast is the part of the land adjoining or near the sea.

A sea is the expanse of salt water that covers most of the earth's surface and surrounds its land masses.

A shore is the land along the edge of the sea, lake or other large bit of water.

2
