

Role Play Ideas

Play Shops

Collect together some items and some coins or anything that can be used for money (cut out paper circles, bottle tops...) and take turns being the customer and shop keeper.

Vets

Make beds for cuddly toys and pretend to give them check-ups. Check their fur and give them a brush, make sure they have food and water. Do they need a cuddle? Make charts to show what you have done to take care of them.

Blanket Dens

Use blankets, pillows, sheets, chairs, washing airers, pegs to make dens. They could be a castle, a superhero den, a princess castle, another planet...whatever you can imagine!

Restaurant Role Play

Make menus and use real or pretend food to make a restaurant. Take orders and have fun taking turns being the people making and ordering the food.
