Learning from Home – Reception

Animal Atlas

Animals that live in the UK and Europe

Thanks so much for sending me through photos of your child's work. This week has been the best response yet!

We have a brilliant variety of favourite animals like hedgehogs and foxes, then lots of African animals and Asian animals like tigers and pandas. We also have flamingos and penguins, so can learn about these too.

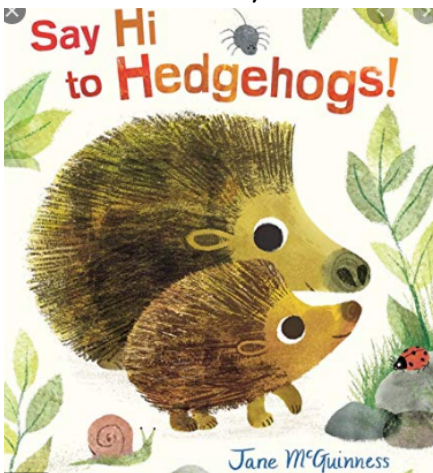

We can go on a trip around the world, first focusing on animals that live here in the UK and Europe, then African animals, Asian, I have some fun stories about animals in Australia, next The Americas then down to Antarctica to keep those penguin fans happy. That will keep us busy!

Please remember to send photos of your home learning to admin@fleet.camden.sch.uk so I can email a message back to your child. I will also print these to add to their profile books.

Writing

Listen to the story video of me reading, *Say Hi to Hedgehogs!*

This book has lots of interesting facts about hedgehogs.

Did you know that hedgehog numbers are dropping?

Make a 'Help the Hedgehogs' poster that you can stick up for your neighbours to see.

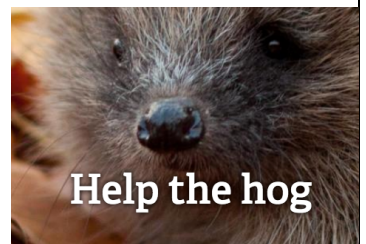

You can help hedgehogs by digging a small tunnel under your fence so they can get through to find food, or make a little hole in it.

For a treat, you could leave a little plate of cat food out for them. (Don't put out bread and milk as this makes hedgehogs very ill.)

Your poster could let people know they could leave a little pile of leaves for a hedgehog needing a home. If clearing leaves, check there are no hedgehogs living in them. You don't want to accidentally put one in the bin!

In the story video, there is a little bit of modelled writing at the end to help your child with their poster.

Take a picture of your poster and send it to admin@fleet.camden.sch.uk

Reading

I have made two reading videos for you with the books *I Can Help* and *Go, go, go*.

There is a little reading warm up at the beginning, then pause the video to read the sentence yourself.

Read this week's poem - Hedgehogs

Look out for rhyming words.

Go for a treasure hunt through the poem. Put your finger on the word *you, into, can, is, and* etc.

Hedgehogs

When you sleep
They like to creep
Looking for slugs
And other yummy bugs
They can roll into a ball
That is cute and small.

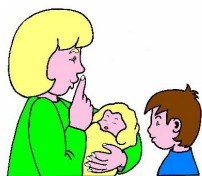

Camden Council Library

Camden Library is giving free access to lots of e-reading resources.

Here is the link if you would like to check it out.

<https://www.camden.gov.uk/digital-library>

Phonics

This week we will be learning a new sound, sh.

Check out this video about the sh sound

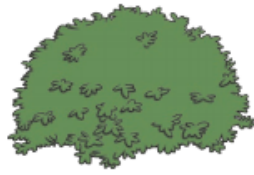

<https://www.youtube.com/watch?v=eqigJZm5aa4>

Follow up reading the following *sh* words.

s h

b u sh

sh i p

w i sh

sh o p

sh e ll

sh e d

sh i n

f i sh

Shop Role-Play

You could then set up a 'shop' role-play area. Encourage your child to write a sign for their shop. It could be anything they like - A shoe shop, an ice-cream shop, a sweetie shop, a toy shop... It doesn't have to be fancy.

Continue to play some of the games on the phonics play website.

<https://new.phonicsplay.co.uk/resources>

Maths

This week practise writing number sentences. For example, $5+2=7$ $2+3=5$

Using real objects, make little sets to add together. Then write the number sentence.

For example, there are 3 shoes over here and 4 over here. How many altogether? Let's write that down.
 $3+4=7$

I have made a maths video where I write number sentences with how many bugs a little hedgehog eats.

Please check this out.

Physical Development

Try out some of these different balance shapes.

See if you can think of some yourself.

How about one hand, and two feet? On your bottom? One foot, two hands?

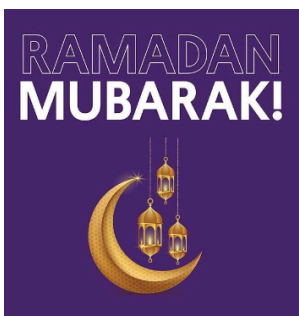

Health and Self Care

Next time you do some exercise, put your hand on your heart. Can you feel your heart beating?

Put your hand on your heart after you've been relaxing. What do you notice? Did it feel different?

Understanding the World

People and Communities

Ramadan Mubarak to a lot of our families out there!

You could make a card for one of your friends or family member as Ramadan begins.

The World

Bird Spotting

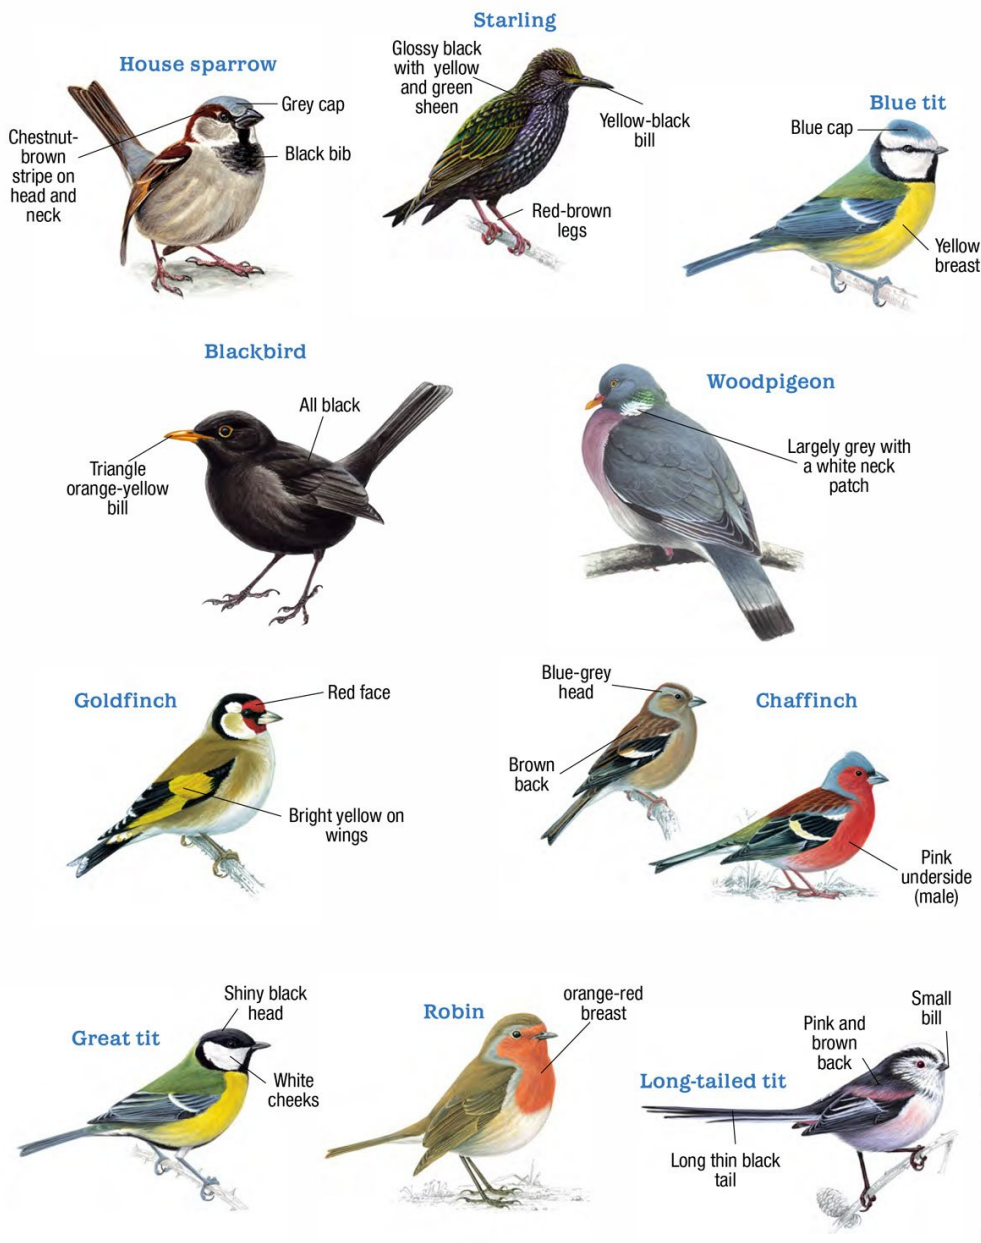

While out on a walk or by looking out of your window, keep a tally of how many birds you see.

Draw a picture of the one you liked the best.

Did you see any of these birds?

Guide to the top 10 garden birds

Technology

With an adult, have a little look online about animals that live in the UK and Europe that you would like to know more about. There are some nice bits and pieces on The Natural History Museum's website.

https://www.nhm.ac.uk/discover/british-wildlife.html?gclid=CjwKCAjw-YT1BRAFEiwAd2WRt1IEumK2EMgzY_0tmuSJ3YTFULuDv_UJpKSGC9_5qWIiBhhiP6w7ahoCkmcQAvD_BwE

Expressive Arts and Design

You won't find any autumn leaves, but you might find some leaves about that you could make woodland animals with. This could lead to lots of lovely discussion around what lives in our woodlands.

Collecting sticks to make your own hedgehog could be fun too.

Draw, paint or make your favourite woodland animal.

Have a fantastic week everyone!

I will phone on Monday and Thursday. I look forward to chatting to you all.

Love Beth
