Learning from Home – Reception

Animal Atlas

Animals that live in Antarctica

Please remember to send photos of your home learning to admin@fleet.camden.sch.uk

Writing

Can you think of an animal for each letter of the alphabet?
Make a book, poster or list of animals from a to z.

I have made a video to give you some ideas.

Reading

There are two ebooks to read this week – *Feathered Friends* and *Swim With Me*.

Phonics

Do you know each letter name AND the sound they make?

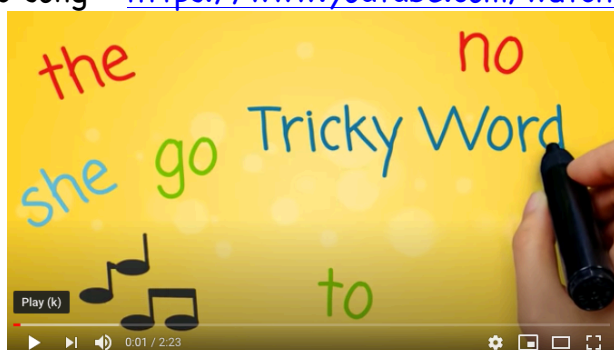

Practise saying letter sounds and their name.

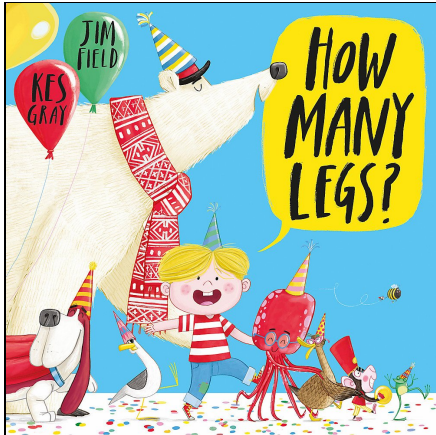

Link this to the writing activity of making an A to Z book.

Tricky words – Can you remember all of these tricky words?

Phase 2 song – <https://www.youtube.com/watch?v=TvMyssfAUx0>

Phase 3 song – <https://www.youtube.com/watch?v=R087IYrRpgY>

Maths

How Many Legs?

Check out the video of me reading this story then play *How Many Legs?*

Talk about how many legs there are when you have groups of different animals.
Think about doubles problems, addition and subtraction, one more and one less.

For example -

How many legs are there if you have 2 bees?

How many legs are there if you have 2 people?

How many legs are there if you have a sheep and a cow?

How many legs are there if you have a goat and a duck?

How many legs are there if you have a monkey and a snail?

Physical Development

Revisit Cosmic Kids Yoga. Can you make any of these animal poses?

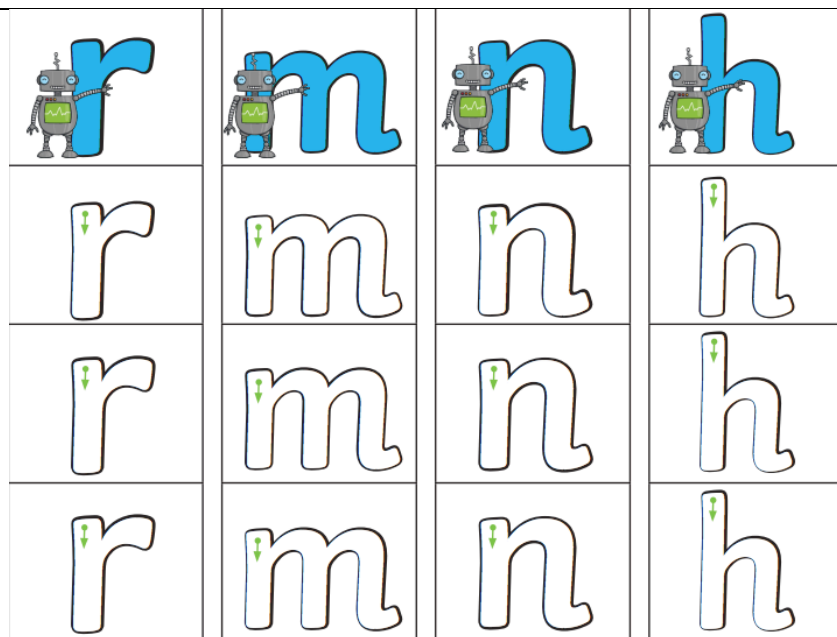

This Pedro the Penguin one is fun.

<https://www.youtube.com/watch?v=jSZvMHLw9vs>

Fine Motor Skills

Practise forming letters.

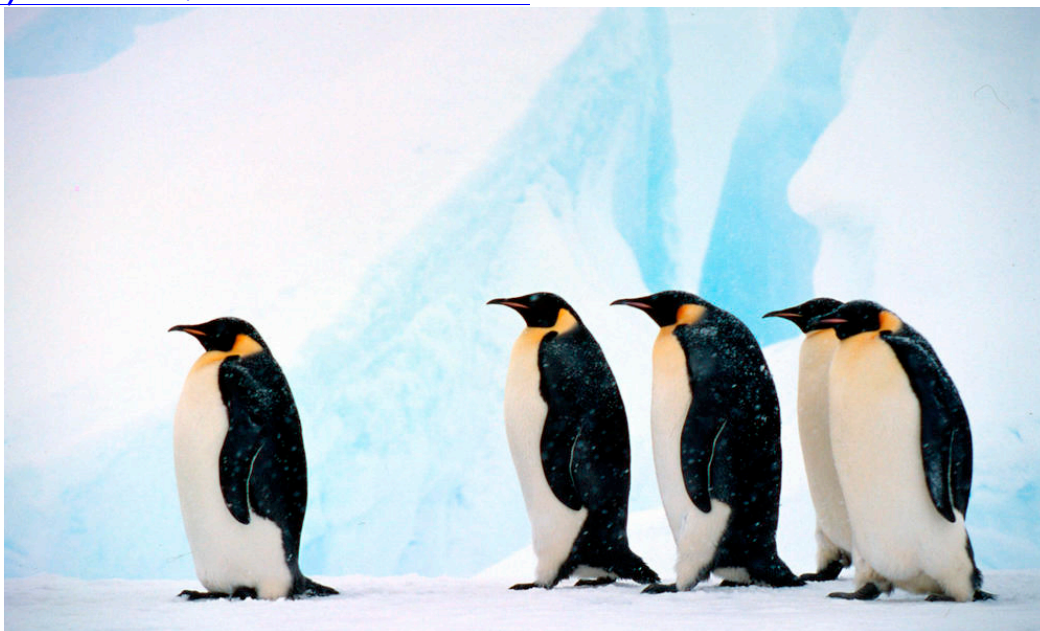

Remember to not lift your pencil up!

Understanding the World

Amazing Antarctica

Check out this video to find out more about Antarctica

<https://www.youtube.com/watch?v=X3uT89xoKuc>

What is your favourite animal from Antarctica?
Find out more about it online.

Ice Experiments

Explore how to make ice melt quickly.

What happens when you add; salt, warm water, sugar, cold water? etc

Have a play and see what you discover.

Making predictions and sharing observations is great to do!

Ice Art

Try freezing some paint or dye and using it to make a picture.

Class Photo

We don't want to miss out on having a class photo this year!!!

Please can you send me a headshot of your child and I'll collate them all into a nice picture. If you want to, your child can write a special message for the class and hold this up, or maybe just draw a rainbow. If it's easier just to send a photo, that's fine too. I'll leave it to you.

I will phone on Wednesday to chat through your child's report.

I'm looking forward to talking to you all.

Love Beth
