

Week commencing 4th May

What are your toys made from?

*****First go back and look at the presentation *****

Task

Can you sort some of your toys into their correct material group?

Note for parents:

You may need to go through the presentation together, reading the slides and discussing the questions. Your child should then be able to complete the sorting task independently- with a little bit of checking in!

I started doing this with my son, can you find more toys than we did for each material?

Can you find any other materials in your toy box?

Take a photo when you have finished and email it to me!

Challenge

Once you have sorted them, can you think of different adjectives to describe the material

For example

Have fun, from Mrs Mulji 😊
