

Cut out the cards and give one set per group.

**Add 1 more.      + 1**

**Add 2 more.      + 2**

**Add 3 more.      + 3**

**Add 4 more.      + 4**

Cut out the cards and give one set per group.

	Draw <b>2 more</b> hats.
$5 + 2 = \square$	

	Draw <b>3 more</b> shoes.
$4 + 3 = \square$	

	Draw <b>1 more</b> stool.
$3 + 1 = \square$	

	Draw <b>4 more</b> glasses.
$5 + 4 = \square$	

Draw and complete the equations.

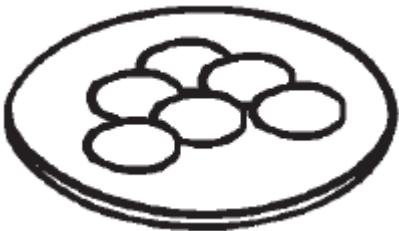

There are 7  
flowers in the vase.  
Add 2 more.

$$7 + 2 = \square$$

There will be  $\square$  flowers in the vase.

There are six  
potatoes on the  
plate. Add 4 more.

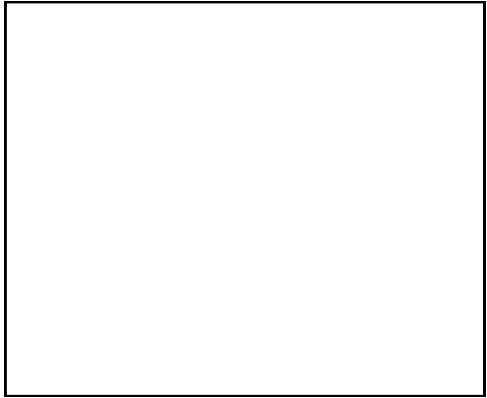

$$6 + 4 = \square$$

There will be  $\square$  potatoes on the plate.

.....  
.....  
.....

$$\square + \square = \square$$
