

# THE FIREWORK- MAKER'S DAUGHTER

Thursday 21<sup>st</sup> January

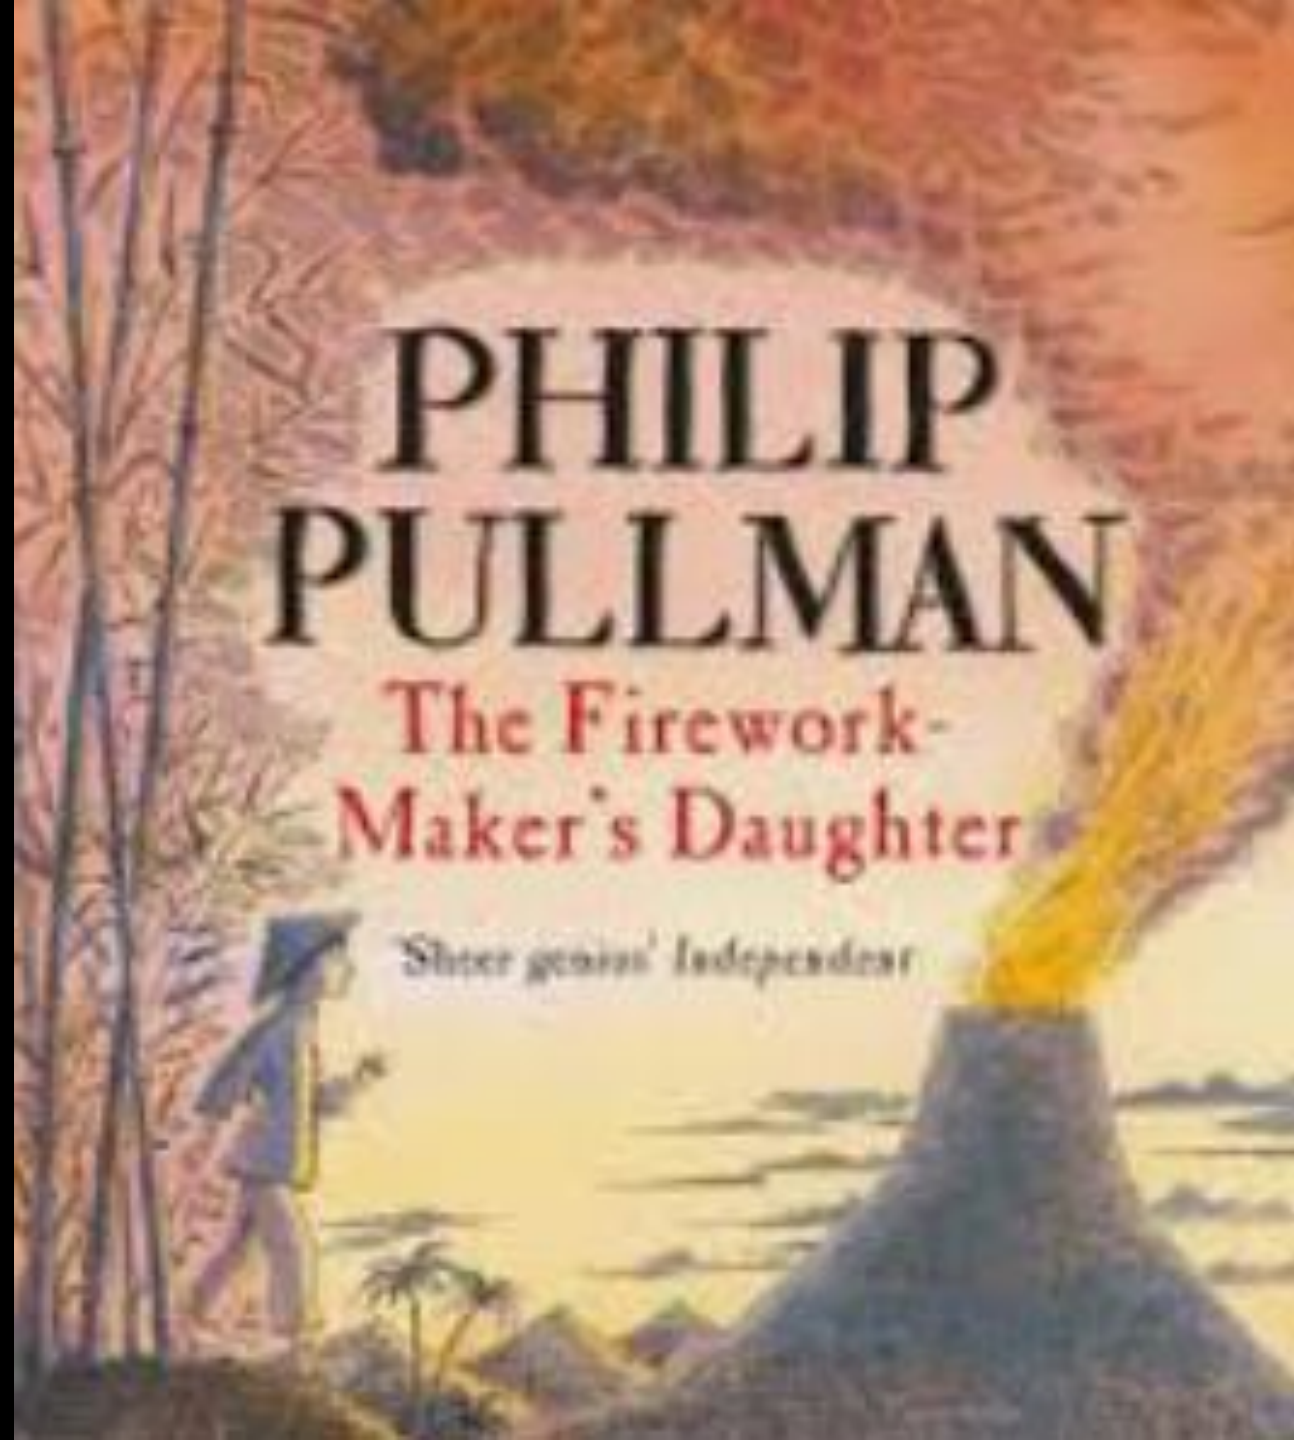

L.O: I can think about  
character's perspectives

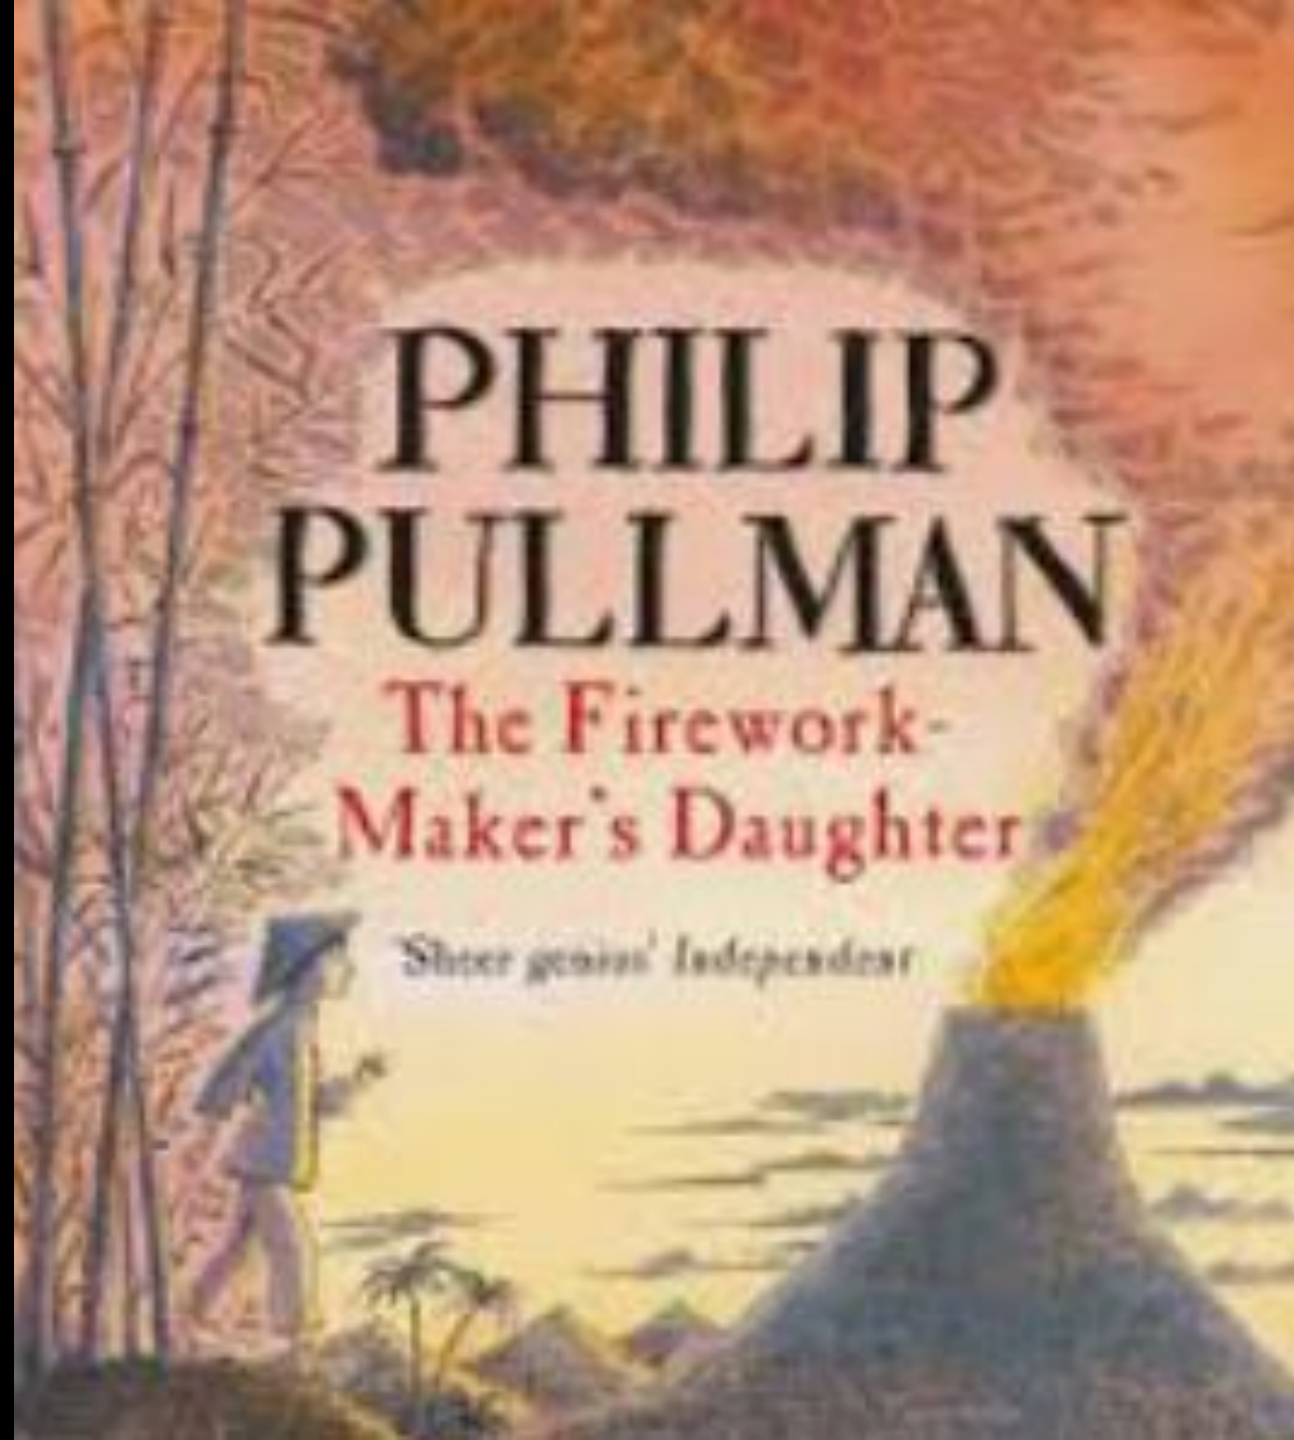

First, watch the video of me reading 'The Firework Maker's Daughter - Chapter 2 Part 1'

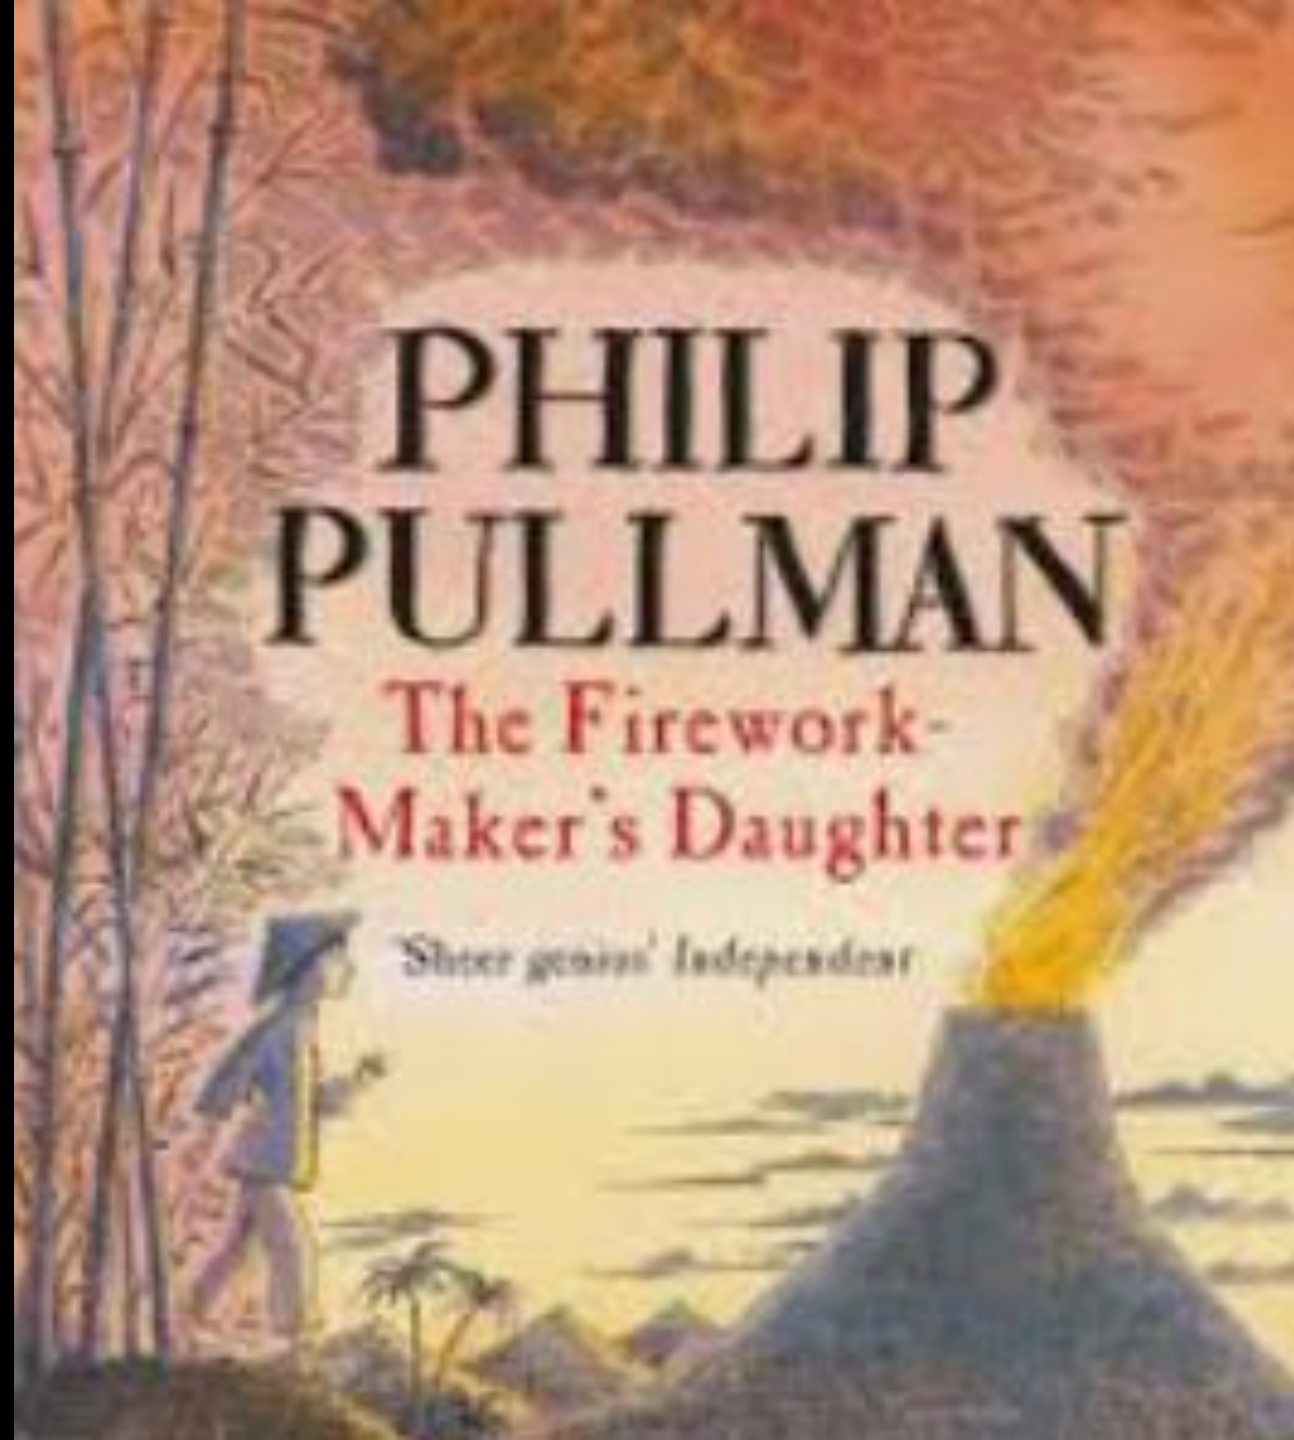

Should Lila go to Mount Merapi to become a firework maker? What do you think?

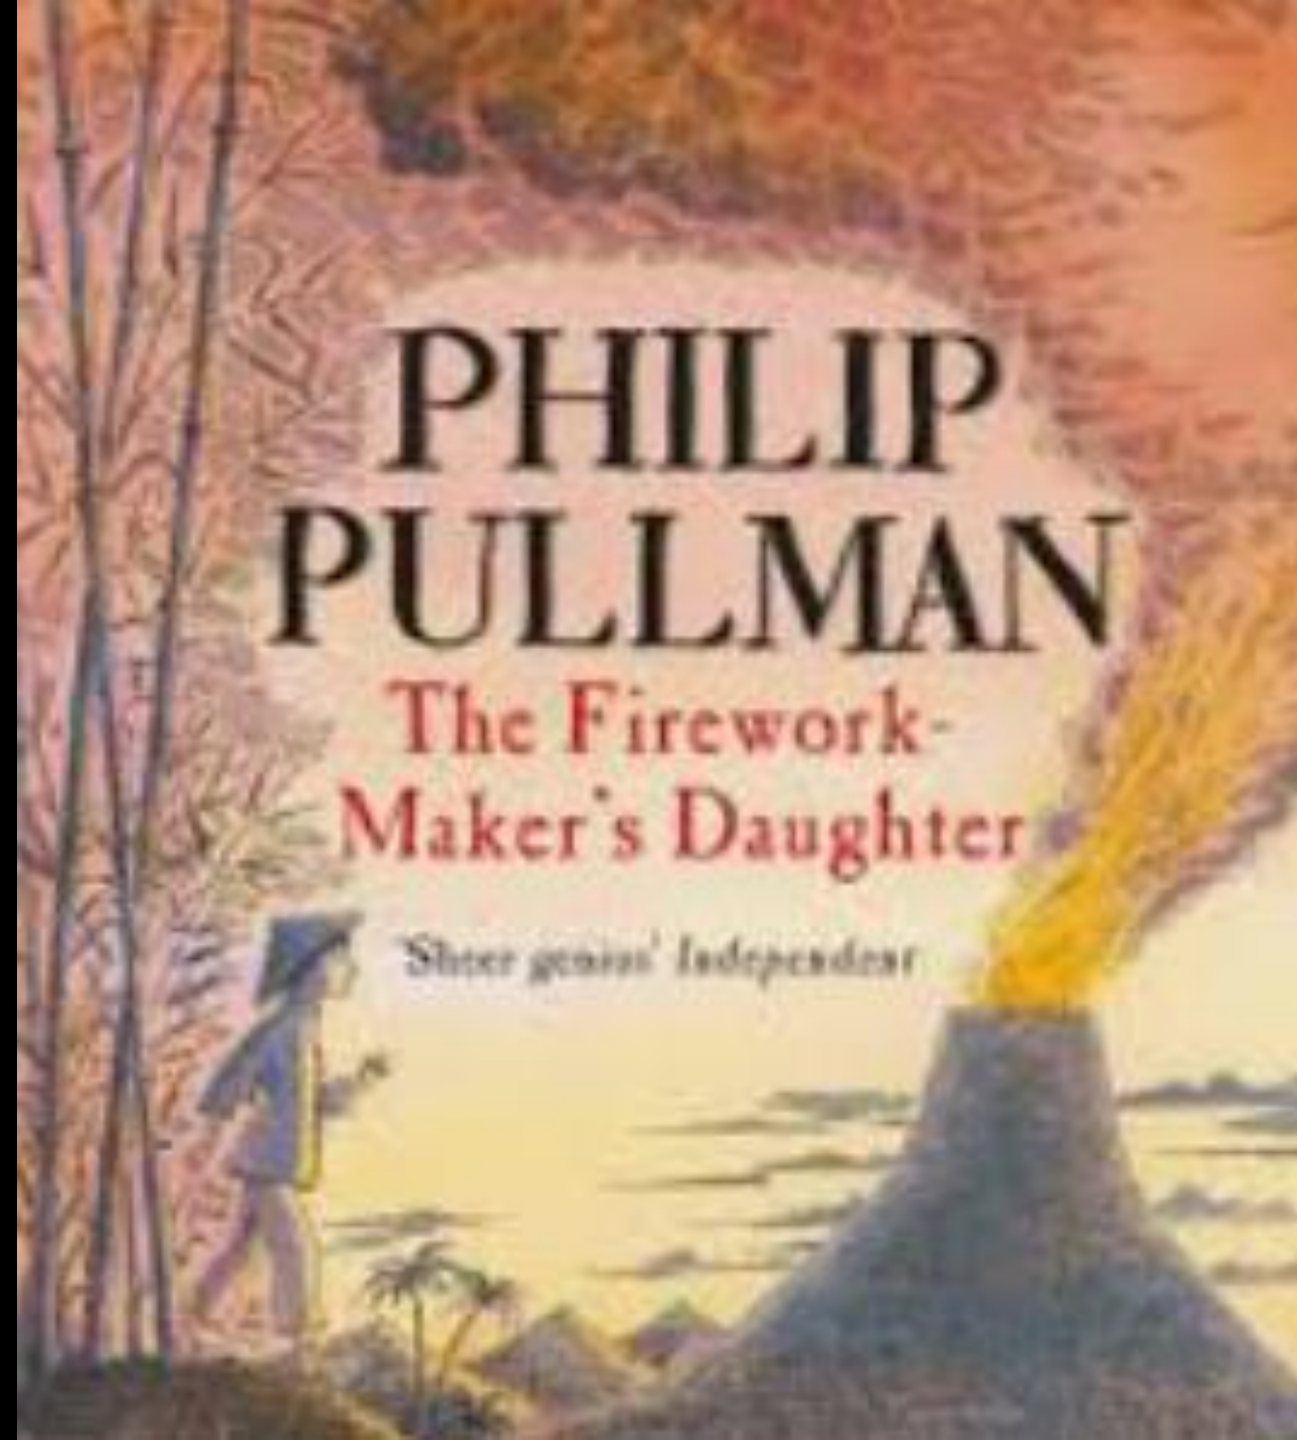

What would Lila say?

What would Lachland say?

Today, you are going to write a list of reasons that Lila should go and a list of reasons that Lila shouldn't go.

# Reasons why Lila should go...

- She should do what makes her happy
- Maybe girls can be good firework makers and this is her chance to prove it
- She shouldn't let her father control her
- *What other reasons can you think of?*

# Reasons why Lila shouldn't go...

- Her father is older so probably knows best
- Children should always obey their parents
- She hasn't been away from home before so doesn't know how to keep herself safe
- *What other reasons can you think of?*

Your task for today is to come up with at least five reasons for both sides. If you agree with my reasons, feel free to use them but use your own words!

I look forward to reading your arguments!
