Happiness Project

Awareness: Live Life Mindfully

*The skill of focusing your attention on the present is an important skill for **happiness**. Everyone's mind naturally wanders but if you can train yourself to focus your attention more mindfully on the present, it can help you to feel calm. It sounds easy but takes practise! The good news is, you can practise being mindful in lots of ways.*

Your 'Awareness' activity is to:

Explore textures in nature - take a walk to collect several different objects and observe/describe how each feels.

Send me a photo of your walk/your objects!

Reading – everyday!

You should be reading for at least 20-30 minutes every day. You also have a comprehension to complete. The answers are included so you can mark your own work! *The * options are at the bottom of the pages!*

Neverland – complete ‘Neverland Reading Comprehension’ (this is your English Task 25.1.21).

Narnia, Oz, Chocolate Factory, Hogwarts, 100 Acre Wood – complete ‘Joe Biden’ Reading Comprehension (this is your English Task 25.1.21). I thought it would be fun to learn a bit more about the new U.S President!

Mild – 1*

Spicy – 2*

Hot – 3*

DT -28/1/21

This week, we are going to make Salt Dough Volcanoes!

Before you start, you will need a batch of Salt Dough. Make this first!

You will need:

- 2 cups plain flour
- 1 cup of salt
- 1 cup of warm water

Method:

- 1) Combine all the dry ingredients in a bowl and form a well in the centre
- 2) Add the warm water to the dry ingredients and mix until it becomes a dough

Making the volcano:

Once you have made your salt dough, make a volcano shape with it around a small empty water bottle (see picture above!). **Do not remove the water bottle.** Once you've done this, set it aside to dry for at least 24 hours.

When it is dry, you can paint and decorate it!
Here is one example:

Keep your volcano safe – we're going to use it for an experiment later on this term!

Science – 29/1/21

This week, we are looking at magnets.
You should receive a pair of magnets in the post from us this week! Please let us know if they haven't arrived by Wednesday.
Work through the 'Science Resource and Activity'.

Spelling - ongoing

Remember to keep practising your Spelling lists!

Suggested activity for this week: Write out each word on your spelling word list, using a different colour for each letter!
