

## Year 4 – Bug Club

We've signed up for a short trial of **Bug Club**. It's a website for online reading. It looks really fun, you can read online texts, answer questions and collect points as you read.

Here's what you do:

1. Go to this website: <https://www.activelearnprimary.co.uk/login?c=0>
2. Sign in with your username and password. It's the same one as for Mathematics (all of these are on ParentHub if you need them again). Our school code is tpgk.
3. When your homepage has opened, click on 'my stuff' at the top. You should see the text we've chosen for you. Click on it and start reading!
4. You can read the whole text in one go, or read some and then go back to  
 it. When you see this symbol, click on it and try the question. Correct answers earn you points!

My challenge to you: can you finish your text by Monday next week (18<sup>th</sup> Jan)?
