

You need:

- paper clip
- pencil
- about 40 counters

## 3 fractions in a line

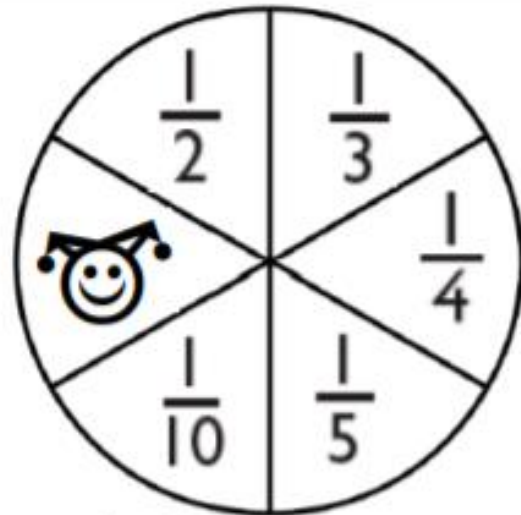

A game for 2 players

10    24    15    6

40    20    12    4

48    36    16    50

8    42    30    18

- Take turns to spin the spinner and choose a number from above.
- If you spin the Joker  choose which fraction you would like.
- Work out the answer and cover that number on the grid below.
- The winner is the first player to complete a row, column or diagonal of 5 numbers.

|    |    |    |    |    |    |
|----|----|----|----|----|----|
| 2  | 4  | 8  | 3  | 5  | 10 |
| 21 | 12 | 9  | 1  | 2  | 5  |
| 6  | 2  | 10 | 6  | 20 | 3  |
| 15 | 6  | 16 | 4  | 25 | 8  |
| 8  | 1  | 2  | 9  | 12 | 5  |
| 3  | 5  | 18 | 14 | 10 | 4  |

**you need:**

- coloured pens or pencils

# Coloured shapes

 for 2 players**Take turns to**

Tell the other person:

- what colour to use
- which shape to pick
- what fraction of it to colour

For example, "Use the red pen. Colour a quarter of the square" or "Use the green pen. Colour half of the circle".

Go on until all the shapes are coloured.  
There is no winner.
