Learning from home – Year 4 – W.B. 11th January

Welcome to another week Year 4! We're looking forward to seeing you all virtually on our class zoom sessions at 9.30 am.

Below is a list of tasks and activities to work on over this week.

- The English (writing) and Maths are broken into tasks to do each day.
- During our daily (Mon-Thur) Zoom calls, we will let the children know which other subjects to work on that day.
- Your child should be able to work on these tasks mostly independently, although it's always nice for them to discuss their ideas and share what they've achieved with someone.
- Please share their learning with us daily by emailing it to admin@fleet.camden.sch.uk with 'FAO: Ms Benbetka and Ms Hanfling' as the subject.

Ms Hanfling, Ms Benbetka or Anna will be speaking to you most days to support you with your learning. Well done for all your hard work last week, we enjoyed seeing and hearing about what you'd been doing.

English – writing

We're finishing our two week poetry unit where we'll be **planning and then writing some acrostic poems**. Have a look at the slide show to see the tasks for you to do this week. There's one task per day with a video for each (except no video for Friday, just the slides).

Here are the video links:

Monday: <https://www.loom.com/share/6b4ed628384d4f74872c019726fc68ca>

Tuesday: <https://www.loom.com/share/d8e6b91399ff4305b3a4b64f1ae1d7d7>

Wednesday: <https://www.loom.com/share/687809173d964b8a81c9733c3e16f804>

Thursday: <https://www.loom.com/share/2247b5f17507418c87d5637ba8a7c452>

The slides for each day are on our class page.

Don't forget that you should also be practising spelling. The spelling lists are on our class home learning page, as well as a document with ideas for games and websites.

English – reading

There's a **reading comprehension** for you to do saved in our class area about astronaut Neil Armstrong. Read the text then chose which level of questions you're going to do (one star = mild, two stars = spicy, three stars = hot). There are answers after each set of questions so that you can mark your work.

You should also be **reading your own book daily for at least 15 minutes** and recording in your reading diary. If you don't have your diary with you, then record what you're reading on paper so that you can stick it in. At the end of the week, maybe you can let us know which book you read and a summary of what happened.

Look out for two more videos of 'Dragon Mountain' for you to watch later this week! We're on our final two chapters now...

Maths: This week's focus is building on **Decimal Fractions** knowledge.

Watch the daily video presentations to support your learning.

Don't print out the worksheets unless you really want to! You can write your work on any paper.

Science: On Tuesday, complete the lesson about **Eating and Digestion**

This week you're learning about food chains. Use the slides to support your learning. The activity is in the Science Resource page.

RE: Our RE topic this term is **Islam**. This week, the focus is on the five pillars of Islam. Use the slides to support your learning. The activity is in the RE Resource page.

Art

This week we'd like you to create **a piece of art work which reflects your identity**, to go with your poetry writing in English.

We've saved some pictures of different art ideas (on our class page) to help give you some inspiration but if you want to do something different, go ahead! The art work should represent you and things which make up your identity. You may like to use pencils/ paint/ felt tips and collage (for example: photos, pictures from magazines or newspapers). We can't wait to see your finished work!

History

We're going to carry on our work about famous historical figures by learning about **Isaac Newton**. Read the information, watch the videos and then create a comic strip showing how he discovered gravity.

Look at the slides on our class page to find out more.

French

Ms Wood has prepared some French work for you all about **classroom objects**. Look at the PowerPoint (and remember to listen to the audio of Ms Wood explaining things!), then try the activity.

PE

PE with Joe is back! Starting on Monday 11th, there'll be new videos on YouTube every Monday, Wednesday and Friday. Why not have a go? You could do them once, twice or even three times a week.

You could also have a look at **Cosmic Kids Yoga** (here:

<https://www.youtube.com/user/CosmicKidsYoga>) - why not try some of their yoga videos?

Mental maths

Finished all your Maths work for the week? **Practice your times tables** here:

<https://www.timestables.co.uk/>

<https://www.topmarks.co.uk/maths-games/hit-the-button>

Don't forget you can also play on Mathletics!
