Headteacher: Don McGibbon

Learning from home – Year 5 – W.B. 23rd March

English

Write a fact file about an animal native to India. Research facts under these categories: habitat (location, climate, terrain); appearance; diet/food chain (what it eats and what eats it!); special characteristics e.g. how fast it can run/ how high it can climb/ camouflage/defence tactics...); adaptations which helps it live in its environment; any other interesting/fun facts. Compile these in to a report with sub-headings. You may also add photos/diagrams in to your report.

There are fact-file templates on Purple Mash if you would like to use one of them

Maths

Practice measuring accurately and converting measures e.g. estimate the length/weight/capacity of items around the home and then measure accurately. How close were you? Can you convert the measurements e.g. from cm to mm? Kg to grams?

Geography and RE:

Research the river Ganges in India. Create a booklet or PowerPoint which covers the following areas:

Geography – location, source, length, animals, effect of pollution

RE – why is the Ganges important to Hindus? How do they use the Ganges in their worship? What beliefs do they hold about the Ganges?

Computing

Contribute to our new blog 'Year 5 Fantastic Food blog'. It's on Purple Mash. You'll need to log in with your LGFL details – these are inside the front cover of your Home

Learning Journal.

Art

Draw and colour – or even create a sculpture – of the animal you have chosen to write your English fact file about. Look at images online so you can add in lots of detail and make it as realistic as possible.

French

Practice learning the parts of the body in French – games available on this website:

<https://www.french-games.net/frenchlessons?topic=Body%20-%20the%20head&level=primary>

Music

Practice your trumpet/trombone!!
