E-mail: admin@fleet.camden.sch.uk

Headteacher: Don McGibbon

Learning from home – Year 5 – W.B. 27th April

Below is a list of tasks and activities to work on over this week. Your child should be able to work on these tasks mostly independently, although it's always nice for them to discuss their ideas and share what they've achieved with someone. We do not expect every single task to be completed, rather it is a list of ideas to keep them busy and learning, in line with the National Curriculum. Whilst it is important to keep learning key facts, knowledge and skills this is also a great opportunity for your child to explore their interests further and be creative.

Please share a sample of their learning with us every week – a piece of English, Maths and perhaps another piece they are very proud of – by emailing it to admin@fleet.camden.sch.uk with the class teacher's name as the subject.

Word of the Week: Astronomy.

Astronomy is the study of the objects outside Earth's atmosphere. These include the sun, Moon, planets, stars, galaxies, and all other matter in the universe. A person who studies these objects is called an astronomer.

English

***Get free access to digital books, audiobooks, newspapers, magazines and graphic novels using this link: <https://www.camden.gov.uk/digital-library> ***

Reading: Complete the reading task for your group on the Year 5 Home Learning page <http://www.fleet.camden.sch.uk/CorHLY5>)

Writing: Last week you researched and wrote fact files about The First Woman in Space, Valentina Tereshkova. This week I'd like you to write **3 diary entries as Valentina**; each diary entry should be at least 2 paragraphs long:

1. Her last evening on Earth before going into space.
2. While she is orbiting the earth.
3. The day after landing (with a bump) back on earth!

Look through the presentation on the school website for more information and prompts to help you. You could handwrite this or type it up in a Word document.

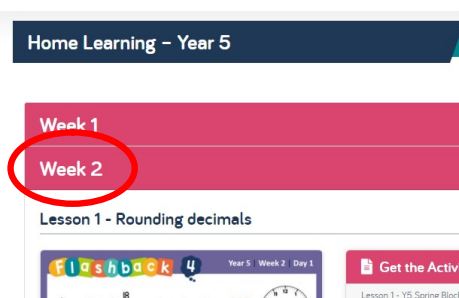

Spellings this week: The suffix '-ible'. See document on Year 5 home learning page for spelling list and activities.

**Maths: This week's focus – rounding decimals;
fraction-decimal-percentage equivalence**

Go to '**Week 2**' on White Rose Maths website
(**not** Week 2 Summer Term).

<https://whiterosemaths.com/homelearning/year-5/>

There are 5 lessons in 'Week 2' about rounding decimals and fraction-decimal-percentage equivalence; I'd like you to **do all 5 lessons** this week. Each lesson has a short video to watch and then an activity. **Watch the video and try the activity** – you don't need to print out the sheets, you can just write your answers on some paper. The answers are also on the website so you can check your learning.

Matching Fractions, Decimals and Percentages online game

<https://nrich.maths.org/1249> - match up the equivalent cards e.g. 50% with 0.5; $\frac{1}{4}$ with 25%. You can start with the cards face up, or if you want to test your memory, face down (click the purple cog in top right corner to change settings). There are 5 different levels to try!

Challenge: If you find the lessons easily manageable, there is a **challenge on the Year 5 Home Learning page**.

Science: This week, we're learning about the Earth, Sun and Moon. Look through the presentation and then do the task – links to both on Y5 Home Learning page.

History: Look through the presentation on the Year 5 Home Learning page called Y5 History Resource 27.04. Learn about 'The Space Race'. At the end, there is an activity – write a persuasive speech or design a persuasive poster.

Art: Look through the presentation on the Year 5 Home Learning page called Year 5 Art Resource 27.04. It is all about an artistic style called 'Impressionism'. There is a choice of 2 activities at the end – or feel free to do both!

R.E.: Look through the presentation called Y5 R.E. resource. There are a couple of activities to do – look out for them on the slides.

Music: The Royal Albert Hall are holding a free virtual Jazz concert this Saturday that you might be interested in! More info here:

<https://www.royalalberthall.com/tickets/events/2020/royal-albert-home-jazz-for-kids/>

Use the brass tutorial videos on the Year 5 Home Learning page to keep practicing you trumpet or trombone. If you don't have your instrument, let me know and I can arrange for you to collect it.

P.E.

Hopefully you've all seen Joe Wicks 'The Body Coach' daily workouts! Keep doing these every day
