

Science – Week beginning 20th April

Earth and Space

Our new science topic is all about Earth and Space! Please complete the KWL grid attached. If you would prefer you can produce a mind map on a blank piece of paper. It's up to you.

Here are a few questions to think about when completing your KWL grid.

- What do you know about the moon?
- Can you name any planets in the solar system?
- What facts do you know about Earth and Space?
- Can you tell me any thing about day and night?

I look forward to seeing the questions you come up with about Earth and Space too!

Earth and Space

K What do you know?	W What do you want to find out?	L What have you learnt? (add to this as you learn things)
