

Year 5 French, week beginning 1st June

L.O.: To be able to describe different types of weather

To name the months and seasons

Over the next 2 weeks, we are going to consolidate work on **months of the year** (last covered in year 3) and **seasons and weather** (year 4).

Quel temps fait-il?

Look through this presentation and the word bank and do these activities to practise:

- Use the word bank and presentation to revise and learn the vocabulary for the topic:
- **LOOK** at the word
- **SAY** it (use the phonetic pronunciation in purple to help you say it correctly)
- **COVER** up the word and try to remember how to say it
- **WRITE** it down
- **CHECK** - were you right?

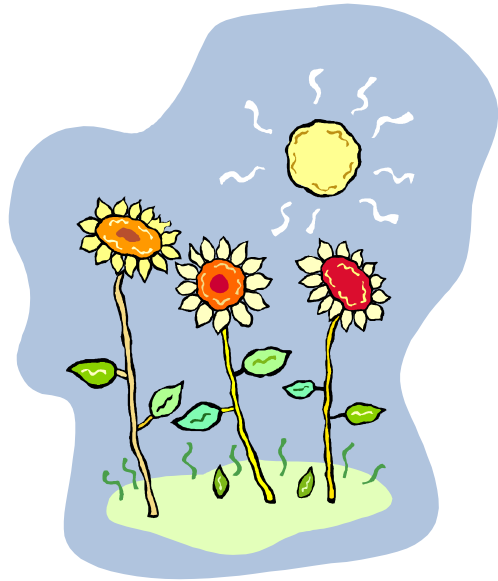

- Can you say the months in order without looking? How about backwards?

- Ask someone to give you a number 1-12, can you say the corresponding month in French? eg 4 = 4th month = April, so in French = avril
-
- Practise asking when someone's birthday is:
- **Quel est la date de ton anniversaire?** *Mon anniversaire est le dix septembre*

- Copy the French words (e.g. month names) onto small bits of paper and write them in English on some other pieces of paper. Turn them over and mix them up - can you turn over 2 at a time and find matching pairs?

- Use the same pieces of paper to play 'Qui manqué?'. Ask someone to take away one of pieces of paper and you have to work out which one is missing.

Il fait beau

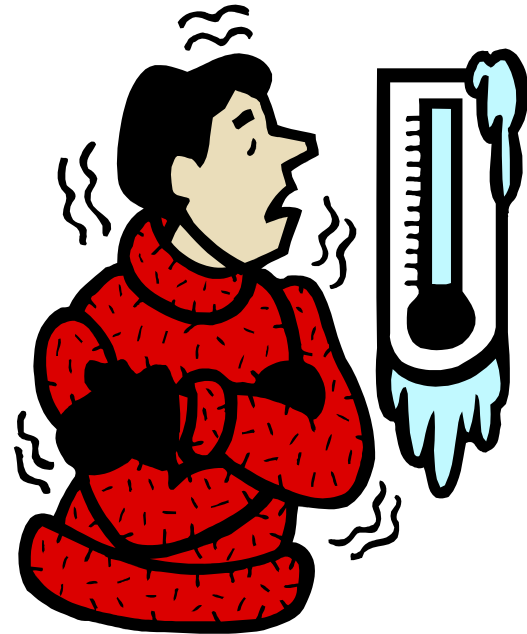

Il fait mauvais

Il fait chaud

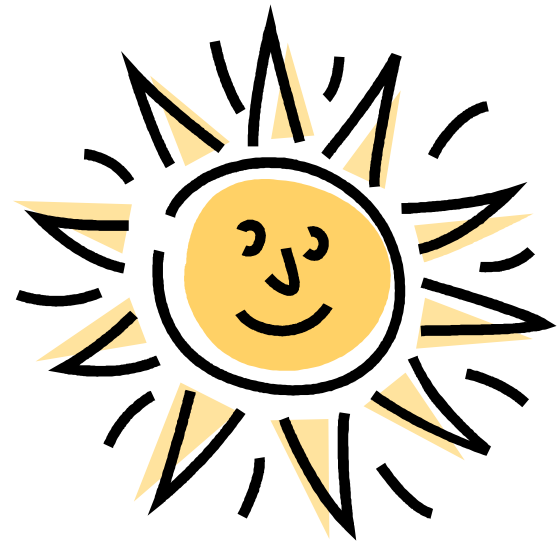

Il fait froid

Il pleut

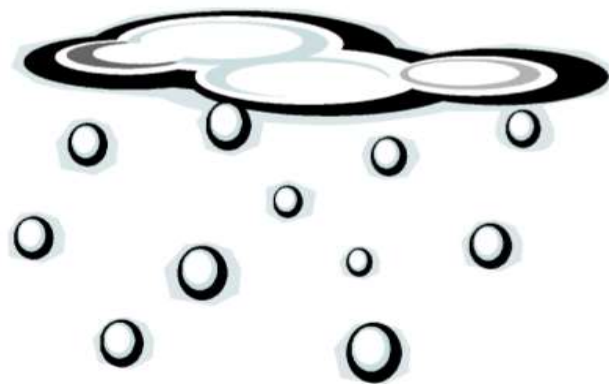

Il y a du soleil

Il y a du vent

Il neige

Quel temps fait-il?
