

L.O.: I can identify the global pattern of climatic zones. Week beginning 8th June 2020.

Make sure you have watched the videos on the Learning from Home task list first. You might need to revisit them at points to complete these tasks accurately. Colour in the different climatic zones. Make a key first (choose a colour for each zone):

Arctic =

Temperate =

Mediterranean =

Desert =

Tropical =

Fill in this table with information about the different climatic zones :

	Arctic	Temperate	Mediterranean	Desert	Tropical
Temperature					
What is winter like?					
What is summer like?					
What lives in this climate?					
Places with this climate :					

Finally, which climatic zone would you like to live in? Why?
