

"The Circle Game"

Yesterday a child came out to wonder
Caught a dragonfly inside a jar
Fearful when the sky was full of thunder
And tearful at the falling of a star

And the seasons they go round and round
And the painted ponies go up and down
We're captive on the carousel of time
We can't return we can only look
Behind from where we came
And go round and round and round
In the circle game

Then the child moved ten times round the seasons
Skated over ten clear frozen streams
Words like when you're older must appease him
And promises of someday make his dreams

And the seasons they go round and round
And the painted ponies go up and down
We're captive on the carousel of time
We can't return we can only look
Behind from where we came
And go round and round and round
In the circle game

Sixteen springs and sixteen summers gone now
Cartwheels turn to car wheels thru the town
And they tell him take your time it won't be long now
Till you drag your feet to slow the circles down

And the seasons they go round and round
And the painted ponies go up and down
We're captive on the carousel of time
We can't return we can only look
Behind from where we came
And go round and round and round
In the circle game

So the years spin by and now the boy is twenty
Though his dreams have lost some grandeur coming true
There'll be new dreams maybe better dreams and plenty
Before the last revolving year is through

And the seasons they go round and round
And the painted ponies go up and down
We're captive on the carousel of time
We can't return we can only look
Behind from where we came
And go round and round and round
In the circle game
And go round and round and round
In the circle game.

Geronimo

As I stand on the ground and look at the sky
I can't help wondering why oh why
Am I going to fly so far above
The places I know and the people I love
I'll be taking a deep breath, filling my lungs
And getting ready to take the plunge

Geronimo ** Here I go **
This is it the moment I've been
waiting for **
Praying for **
Open up my parachute and fly...

As I sit in the 'plane and look all around
I notice it's a long way down
Then the doors open wide and there's the earth
It's happening now so with all my worth
I'll be taking a deep breath, filling my lungs
And getting ready to take the plunge

Geronimo ** Here I go **
This is it the moment I've been

waiting for **
Praying for **
Open up my parachute and fly...

As I hang in the air I can hear my heart beat
And very slowly I look at my feet
I see cauliflower trees and patchwork land
People and animals fit in my hand
I have taken a deep breath and filled my lungs
And with my friends, I take the plunge.

Geronimo ** Here I go **
This is it the moment I've been
waiting for **
Praying for **
Open up my parachute and fly...

As I stand on the ground again looking up there
I just can't wait to get back in the air
It was such a good feeling, IT WAS GREAT
And I'll admit I just can't wait
To be taking a deep breath, filling my lungs
And getting ready to take the plunge.

Geronimo ** Here I go **
This is it the moment I've been
waiting for **
Praying for **
Open up my parachute and fly ai ai ai...
