LO: I know how and when WW2 started.

Go through the powerpoint on how WW2 started and do the activities throughout.

Then write a short paragraph to show your perspective. Do you think it was right of England to declare war on Germany? Why/why not?

Do you think it was right of England to declare war on Germany? Why/why not?

For example...

I understand the reasons why England declared war on Germany, and although I don't like the idea of war, I see why Neville chamberlain thought it was the right thing to do. Firstly, when people are in danger we should help them; this is why England helped Poland. Secondly, I strongly disagree with Hitler's prejudiced views and do not think anyone should be encouraged or forced to think in that way. I believe all people should be treated fairly and Hitler was not doing this.
