

Year 6 Spring term 1 week 1- Learning from home.

Hello Year 6! I hope you all had a nice break and I'm sorry I can't welcome you back properly but I will be seeing you everyday. Please read carefully through this task list. You need to make sure you complete Maths, English and Reading and one STEAM or Topic lesson everyday. We will be meeting at 9am on Zoom Mon- Thurs every week so that I can see how you're getting on and so that you can ask me any questions about the work.

Morning challenge- Answer the questions on the daily slides!

English- Writing: Work your way through the English video, each colour represents a different day. There are 4 days worth of lessons in it.

Reading: Task 1-Whole class reading: We are starting whole class reading this term. We will all be reading the same book and will be using this for lots of partner work and conversation as a class. Our book is called, 'Floodlands' by Marcus Sedgwick. Answer the questions about the front cover and blurb (Slides 1-6) on the Whole class reading PDF.

Task 2- Individual reading: Please make sure you are also reading your own reading book at home for 30 minutes- I will be asking you about your reading in our morning zooms!

Maths: Shape

Please watch year 6 spring 1 week 1 maths video. Work through your fab four as usual and then the slides for each day (each new day has a different colour)

Day 3 website:

<https://www.bbc.co.uk/bitesize/articles/z8twr2p>

When you finish the tasks in the video I have set a few problems on Mathletics for you to work through too.

Science: Task 1- Knowledge Harvest

At the start of very new Science unit we collect all the information we already know about a topic. In the middle of your page write 'Electricity'. Then in write down around the title any facts or key words you know that are related to Electricity. In one coloured pencil, please write down at least 3 questions you have about Electricity.

Task 2- Research

Use the PDF's on Thomas Edison and Michael Faraday and any google searches or books you may have access to, to create research notes on these key historical figures linked to our Science Topic. You need to collect the following information:

- Name
- Where and when they were born/died
- What their life was like
- Significant achievements

You can record your notes in bullet points or in a short paragraph. You can also add information with drawn pictures. You can do this on a laptop if you prefer.

Topic- History& Geography: Please see Topic pdf.

Task 1- Knowledge Harvest

Task 2- How WW2 started- your perspective.

PSHE: A new year can be a great time to think about personal goals. At the moment it can feel like we are restricted in lots of areas of our lives but it is important to recognise that we can make still a positive impact in ours and others lives. Take some time to think about what you might like to work towards in 2021. Look at the worksheet and complete it with your own personal goals. Break each goal into 2 or 3 steps to make it more achievable.

E.g. If my goal were to learn to be a confident cook, I would need to:

- A) Look up recipes on line and choose ones that I like the sound of best.
- B) Ask an adult to help me prepare a simple recipe for myself.
- c) Ask an adult or work independently to create a recipe for my family to enjoy.
