

## **Year 6 –Summer Term 2 week 6Home learning**

Hello Year 6,

We are almost at the end of term. Keep up the brilliant work you are doing!

**English:** Watch the youtube link below to read the book 'Flotsam' by David Weisner.

Then go through the slides and complete the tasks.

<https://www.youtube.com/watch?v=3MTKWnxzqvM>

**Guided reading:** Go through the whole class reading pdf on 'The curse of Cogston Hall'. Read and answer the questions up to the end of the slides.

**Maths:** Please go through the powerpoint on multiplying and dividing decimals and complete the questions.

If you would like to do more, please go to Mathletics and revise multiplying and dividing decimals activities on there.

**Art/Leavers contribution:** If you are not coming in to school at all. Please draw your rose on a piece of paper and write your message to your allocated adult on the paper. These can then be photographed and we will print them and send them to your adult. There is a short pdf which has a 'How to' guide for drawing roses.

**Computing:** Can you create a 'Flotsam' movie trailer? You could use software on Imovie or create a stop motion animation if you prefer. Which scenes would you include?

**Music:** If you are not coming in to school at all, and you feel comfortable. Please film yourself singing either the whole or part of any of our leavers songs ( Circle game, Geronimo, memories, You cant stop the beat) and email to lisa in the office. We would love for as many of us as possible to be included in the songs. If you do not feel comfortable with this, that's ok- we will still have your photos in the video. 😊

**PSHE:** Please continue to work your way through the transition to secondary document. You may need to do some research on your news school website. Some pages you may have to wait to receive some information from your schools- don't worry! You can do some of it alone or share it with the adults who are with you.

**Well done everyone, we are almost there! 😊**
