

## Year 6 –Summer Term 2 week 2Home learning

Hi Year 6,

Welcome back to another week! If you haven't completed your PSHE and Music from last week please make sure you get those back to me as soon as possible- they are important!

**English:** Go through the English Pdf on information leaflets, and complete the given activities. Please take care to stop at the correct place if you will be coming in to school! If you are not coming in, work through all the slides.

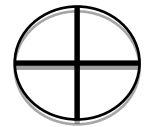

**Guided reading:** Look at the PDF with questions and directions for 'The Nowhere Emporium'. Then read the correct parts of 'The Nowhere Emporium' text pdf and complete the questions.

**Maths:** Please go through the operations pdf and complete the given questions and self mark. Please make sure to stop at the correct place if you are coming in to school. If you are not coming in to school please also complete the mixed operation white rose pdf.

**French:** Go to the website below- click on lesson and click on 'World-weather'. There you can have a tutorial or go straight to games to revise weather vocabulary.

<https://www.french-games.net/>

Then, on a plain piece of paper, draw a big circle and divide it into four quarters like this:

Label each quarter with the name of a season and inside draw what the weather is like in that season. Write a short description in French.

For example: *Enprintempsil fait beau, maisilpleutsouvent.*

In the spring the weather is fine, but it often rains.

**Geography/ Computing: Please only complete this if YOU ARE NOT coming in to school at all!**

Go through your notes from last week's topic task, where you researched and collected data on coastal pollution and what we can do to prevent it. Using any software that you like (could be powerpoint, publisher etc) create a leaflet or factfile of the information. Make sure to include some statistics ( facts with figures). You can use the 'Stop coastal pollution' pdf for some extra information.

**Music:** Please continue to learn the songs 'Geronimo' and 'The Circle game'. The recordings are on the website for you to rehearse with. We would love to film you singing these songs so we need to all learn them!

**PSHE: Please only complete this task at home if YOU ARE NOT coming in to school at all!**

Please choose 5 adults in school that have helped you during your time at Fleet, it might have been from many years ago or it might be more recent. Write them a short message of thanks to say why you would like to give your rose to them.

Please type these messages to me so that I can start to organise who might be able to give to each adult. This can be a tricky puzzle to piece together so please keep in mind that not everyone will be able to give to their first choice. I know these messages are important to you and all messages will be passed on to your chosen adults at the end of term. Please keep your messages confidential so it can be a nice surprise for everyone! You only need to talk to me about them.

**Thanks for all your efforts, year 6. Remember this term is important as it's our last together and we want to make it special so please join in as much as you can!**
