

Year 6 –Summer Term 2 week 5 Home learning

Hi Year 6,

Please continue to have a go at your learning. This will really help you feel more comfortable when you get to secondary school in September.

English: we are continuing our work on ghost stories. Go through the English Pdf on ghost stories, and complete the given activities. Please take care to stop at the correct place if you will be coming in to school! If you are not coming in, work through all the slides.

Guided reading: go through the whole class reading pdf on 'The curse of Cogston Hall'. Read and answer the questions up to slide 14. If you are not coming in to school you can read and answer up to slide 30.

Maths: Please go through the powerpoint on adding and subtracting decimals and complete the questions. Then you can complete the additional worksheet.

If you would like to do more, please go to [Mathletics](#) and revise adding and subtracting decimals activities on there.

Art: We will be doing this in school but if you'd like to also have a go at home please do. 😊

French: Make your own wordsearch, hiding the French words (about the weather and the seasons) in a grid and filling up the spaces with random letters. You can also play some games to remind you about this language. Go to <https://www.french-games.net> and click on Categories- 'Time'- for months and seasons. Click on 'world' for weather.

Music: Please keep learning the lyrics to 'Memories' by Maroon 5, and 'You can't stop the beat'. You can rehearse with the videos on youtube for now. Keep learning the songs 'Geronimo' and 'The Circle game'. The recordings are on the website for you to rehearse with. We will be asking you to film some snippets of these songs soon so please make sure you know them. I will also be putting a video up of our dance for 'You can't stop the beat'. Please give learning the dance your best efforts too.

PSHE: Please continue to work your way through the transition to secondary document. You may need to do some research on your news school website. Some pages you may have to wait to receive some information from your schools- don't worry! You can do some of it alone or share it with the adults who are with you.

Keep going, Year 6. If we keep working together we can create a fantastic leavers video so please keep trying and stay involved! 😊
