

Fleet News

Friday 12th June 2026

As we begin to move towards the end of another busy and successful school year, there continues to be a huge amount of hard work taking place across the school. Alongside the exciting learning happening in classrooms every day, the latest round of national assessment activities has also been underway. This week, our Year 1 children completed their Phonics Screening Check, while the final group of Year 4 pupils finished their Multiplication Tables Check. Both phonics and times tables provide the foundations upon which so much of children's future learning in English and Mathematics is built, and we are incredibly proud of the effort, determination and resilience the children have shown throughout these assessments.

This week also marked the conclusion of our Interfaith Week programme, with the final visitors and workshops taking place across the school. A huge thank you must go to Abida, our RE Lead, for the tremendous amount of work she has put into planning and organising the events over the past fortnight. The project has been a great success and has further strengthened the inclusive, respectful and non-discriminatory ethos that sits at the heart of life at Fleet. The children have had wonderful opportunities to learn about different faiths, beliefs and traditions, helping them to better understand and celebrate the diversity of the world around them.

Finally, I would like to take a moment to welcome back our amazing Year 6 children, who returned this week from their residential trip to Gower in Wales. They experienced everything the British weather could throw at them — from glorious sunshine to some very wet conditions — but throughout it all they tackled every challenge with enthusiasm, determination and a wonderfully positive mindset. Having now completed two week-long residential experiences during their time at Fleet — Sayers Croft in Year 5 and Gower in Year 6 — they have developed remarkable levels of independence, resilience and confidence. As they prepare for the transition to secondary school, we feel incredibly proud of the young people they have become.

I would also like to thank all of our Year 6 parents for the trust you place in us by allowing your children to take part in these experiences. We know how valuable these opportunities are for children's personal development, but we also know that it is not always easy for parents to wave goodbye and let them head off for a week away from home. Your support makes these experiences possible and greatly appreciated.

Next up will be our current Year 4 children, who will head off to Sayers Croft in October once they move into Year 5. No doubt they will already be hearing plenty of stories from the Year 6s and looking forward to their own adventure.

Have a wonderful weekend and, of course, I hope you will all join me in cheering on Scotland in the World Cup this weekend! See you all on Monday.

General Health & Safety Reminders...

- Don't send in any snacks or food containing nuts - we're a nut free school.
- No chocolate, crisps, snacks high in sugar or salt, should be brought into school.
- Only collect children early if you have pre-arranged this with the office due to a medical appointment - school finishes at 3.30pm
- If your child is going on a playdate with another parent after school please make sure to let the teacher know directly. Do not rely on the other parent to tell us.
- If you change phone numbers or addresses please let us know immediately. We need your current contact details.
- Please do not prop open the main gate to the school site either before or after school. If there is not a member of staff there, the gate should be kept closed.
- If adults need to use the toilet on the school premises, even if accompanying a child, they must use the staff toilets in the corridor.
- The site is open to parents from 8am for breakfast club, please wait until then, even if a member of staff is buzzed in whilst you're waiting
- If you are in the junior playground after school, please supervise your children carefully and be mindful that the equipment in the junior playground is designed for older children and is unsafe for little ones. Other playground equipment (balls etc) are not for use after school.
- If you need to walk between the main school and the Nursery please use the path rather than cutting through the hall or corridor.

Mobile Phones...

If you choose to send your child to school with a mobile phone - please remind them and ensure they hand it in to the office on arrival. It should not be collected until they are leaving school (if going to an after school club the phones stays in the office until after the club).

Children should not have a mobile phone on them around school under any circumstances.

Thank you for your ongoing support with this.

FLEET'S FREE BREAKFAST CLUB

We have been successful in an application for funding for our breakfast club. This will allow us to offer every child who attends a free place.

These places are available NOW!

Those who already attend can continue to attend from 8am at no cost. They will be provided with a breakfast and can play games and chat with their friends along with adult supervision until 8.30am when they can go into the playground to play, again supervised by adult staff.

We know from experience that getting to school on time and having time to play with friends and chat makes a huge difference in helping children to settle to their learning when the bell goes and the school day starts at 9am.

We also know that a good breakfast is crucial to support, health, growth and concentration. We would encourage as many of you as possible to take up this opportunity to access a free breakfast club place from 8am everyday.

If you re currently not using breakfast club and would like to from when the free places start after the Easter break, please just let the office know.

Makaton Sign of the week...

Each week we'll be sharing a new *Makaton sign* that the children are learning in school. You'll find the sign in this newsletter, along with a QR code if you'd like to see more information or practise at home. Please ask your child to show you the sign—they'll love teaching you what they've learned!

What is Makaton?

Makaton is a way of communicating that uses simple signs and symbols alongside speech. It helps children (and adults) to understand and express themselves, especially if they find language tricky. You may have seen Makaton being used on TV, in hospitals, or in other schools—it helps make communication more inclusive for everyone.

By learning Makaton together, we're giving all our children an extra tool to support understanding, confidence, and inclusion.
