Chair of Governors: Kim Issroff

Issue Date: November 2020

Review: November 2023

Context of the Plan

The Equality Act 2010 came into force on 1st October 2010 and replaced existing equality legislation including the Disability Discrimination Act (DDA) The effect of the law is the same as the previous legislation in that schools 'cannot unlawfully discriminate against pupils because of their sex, race, disability, religion or belief and sexual orientation.

Aims of the Plan

The plan sets how we will:

- Improve access to the physical environment of the school, adding specialist facilities as necessary. This covers reasonable adjustments to the physical environment of the school and physical aids to access education.
- Increase access to the curriculum for pupils with a disability, expanding and making reasonable adjustments to the curriculum as necessary to ensure that pupils with a disability are as equally prepared for life as are the able-bodied pupils. This covers teaching and learning and the wider curriculum of the school such as participation in after-school clubs, leisure and cultural activities or school visits. It also covers the provision of specialist aids and equipment, which may assist these pupils in accessing the curriculum.
- Improve and make reasonable adjustments to the delivery of written information to pupils, staff, parents and visitors with disabilities. Examples might include hand-outs, timetables, textbooks and information about the school and school events. The information should be made available in various preferred formats within a reasonable time frame.

Definition of a Disability

The definition of disability under the law is a wide one:

'A disabled person is someone who has a physical or mental impairment that has an adverse, substantial and long term effect on their ability to carry out normal day to day activities.'

The DDA definition of disability covers physical disabilities, sensory impairments and learning disabilities.

Context of the school

Fleet Primary School is a one form entry primary school. The current building go back to the 1950's with approximately 236 places including a nursery. The main school comprises of two, two storey blocks, housing the classes for Rec-Year 6, offices and toilets. Joined to one of the blocks is a large multi-purpose hall including kitchen facilities. There are a further two newer buildings on the site. One in the junior playground called the QUBE. This is a multiuse space with kitchen facilities and two small rooms off the main space. The other building houses the Nursery and has it's own playground space. The site comprises two large playgrounds – the infants and junior playgrounds. There is also a third outdoor space, accessed via a ramp from the junior playground, that is a large open, 3G football pitch. Around the front of the site – fronting onto Fleet Road is an area of greenery comprising a fenced pond area, trees and grassed area.

Current Range of Disabilities at Fleet Primary School

As an inclusive school we ensure all pupils have equal access to the curriculum. The school has children with a range of disabilities which include moderate and specific learning difficulties. Where children are recognised as having a special educational need, provision is tailored accordingly and a programme of intervention and additional support is co-ordinated in relation to pupil progress. This is developed by the SENDCo, who liaises with multi agencies, parents and carers as necessary. Pupils with Special Educational Needs are admitted to the school in accordance with the requirements of the Special Educational Needs and Disability Act of 2001. Our SEND pupils represent a significant and important part of the school

community which aims to be an inclusive and supportive environment for all children. The school seeks to ensure that all placements are properly planned and that all necessary support is available to ensure maximum success. At present we have no wheelchair dependent children or members of staff, however there are some children, parents and staff with mobility difficulties.

School's Core Aims

At Fleet Primary School we are committed to establishing equality for all pupils, their parents, staff and other users of the school. This is reflected in our school aims, which state we continually strive to:

- All children from Nursery to Year 6 and their families feel part of the happy, nurturing, secure and welcoming Fleet School Community.
- Equal opportunities for everyone to succeed and achieve their full potential in all aspects of life regardless of their individual circumstances.
- We teach a stimulating, creative and challenging curriculum that inspires a love of learning through high quality teaching and provides rich experiences both in the classroom and beyond.
- Each child develops strong self-confidence, self-esteem and inter-personal skills, instilling respect for others and an understanding of their role as an active part of the community grounded in the UNICEF Rights Respecting School's ethos.
- Staff work in partnership with parents and carers to support children on their journey throughout their time at school laying strong foundations for resilience and future success.
- A supportive environment for staff so as to facilitate the best learning pathways and ensure a friendly and happy environment.

Involving the Views of Others

The priorities for the Accessibility Plan were identified/agreed by:

- The Governing Body
- Head Teacher
- Senior Leadership Team
- Inclusion Leader/SENDCo
- Site Manager

How this Plan links to other Policies

The Accessibility Plan should be read in conjunction with the following school policies, strategies and documents:

- Health & Safety Policy
- SEND Policy and Local Offer
- School Development Plan
- Behaviour for Learning Policy
